

Monkey Class Newsletter June 2025

Hello Parents!

We're in the home stretch and looking ahead to graduation. In June we will be finishing up most of their remaining bookwork so we can focus on getting ready for graduation in July. We will get to enjoy a month that is almost completely on schedule, with no extra events to worry about for a few weeks. We might get a little head start on graduation speeches if time allows.

Reading

We will read 4 new reading books in June. 3 of these feature characters we've seen before. K5 classes will not be participating in the reading contest as we will have graduation activities to prepare for soon instead.

| Week | |
|------|-------------------------------|
| 1 | Grumpy Monkey: The Egg Sitter |
| 2 | Just My Best Friend |
| 3 | Monster Truck |
| 4 | PJ Funny Bunny Camps Out |

Phonics

In our phonics book we will get more practice with word endings, particularly the 'es' ending on plural nouns. They've already learned the rules in the grammar book, but we can always use more review on these kind of details in their speaking and writing.

| Week | |
|------|--------------|
| 1 | 175, 177-178 |
| 2 | 181-184 |
| 3 | 185-188 |
| 4 | 189-192 |

Grammar (Grammar Space + Workbook)

In grammar we will get more practice using the past and future tenses. We need extra practice with these as many of our students make mistakes with tenses in their day-to-day conversation.

| Week | |
|------|---------|
| 1 | 66 - 69 |
| 2 | 70 - 73 |

| | |
|---|---------|
| 3 | 74 - 77 |
| 4 | 78 - 81 |

Writing

In our writing book we will do more work with giving directions and using prepositions of place. Here we really need practice using “There is” or “There are” as many Taiwanese English speakers have a habit of saying “there have” instead.

| Week | |
|------|-----------------|
| 1 | 70-71 |
| 2 | 72-73 |
| 3 | 72-73 continued |
| 4 | 74-75 |

MPM Math

We will finish the MPM series this month with more work with logic, addition, subtraction and correspondence.

| Week | |
|------|----------|
| 1 | F4 13-18 |
| 2 | F5 1-6 |
| 3 | F5 7-12 |
| 4 | F5 13-18 |

Core Materials (Wonders Workshop + Anthology)

In Wonders we will finish up our unit comparing the past to present times. We will move on to a unit called “From Farm to Table” which will discuss how we get the food we eat, and the path it travels to get to us.

| Week | |
|------|---------------------|
| 1 | Unit 3-4, 128 - 133 |
| 2 | Unit 3-4, 136 - 139 |
| 3 | Unit 3-4, 141 - 143 |
| 4 | Unit 3-5, 152 - 161 |

Conclusion

June will bring us to the end of most of our school work, leaving just a bit to finish up in July. We’ll start to look ahead to graduation and will start making plans for that as well. Otherwise, June should be a nice return to our usual routine with less activities and distractions as we make the final push towards the end of the school year.

All the Best!

Tr. Aaron

Monkey Class Newsletter June 2025

親愛的家長您好：

我們已經進入最後階段，開始準備七月的畢業典禮。六月份我們會完成大部分剩下的課本內容，這樣就能專注於畢業典禮的準備工作。我們將能享受一個幾乎完全照課表進行的月份，暫時不用擔心額外的活動。如果時間允許，我們也可能稍微提前開始準備畢業致詞。

Reading

我們在六月會閱讀四本新的閱讀書，其中三本有我們之前見過的角色。由於我們即將準備畢業典禮，K5 班級將不參加閱讀比賽。

| Week | |
|------|-------------------------------|
| 1 | Grumpy Monkey: The Egg Sitter |
| 2 | Just My Best Friend |
| 3 | Monster Truck |
| 4 | PJ Funny Bunny Camps Out |

Phonics

我們會在自然發音書中進一步練習單字結尾的變化，特別是名詞複數的「-es」結尾。他們已經在文法課本中學過這些規則，但我們仍需要在口語與寫作中多加練習這些細節。

| Week | |
|------|--------------|
| 1 | 175, 177-178 |
| 2 | 181-184 |
| 3 | 185-188 |
| 4 | 189-192 |

Grammar (Grammar Space + Workbook)

我們將加強過去式與未來式的練習。這兩個時態是我們學生在日常對話中最常出錯的地方，因此需要更多練習。

| Week | |
|------|---------|
| 1 | 66 - 69 |
| 2 | 70 - 73 |
| 3 | 74 - 77 |
| 4 | 78 - 81 |

Writing

在寫作書中，我們將練習如何給出方向與使用「地方介系詞」。這裡我們需要特別加強使用“*There is*”或“*There are*”，因為許多台灣學生會誤用成“*there have*”。

| Week | |
|------|-----------------|
| 1 | 70-71 |
| 2 | 72-73 |
| 3 | 72-73 continued |
| 4 | 74-75 |

MPM Math

本月我們將完成 MPM 數學系列，內容包含邏輯、加法、減法與對應概念的練習。

| Week | |
|------|----------|
| 1 | F4 13-18 |
| 2 | F5 1-6 |
| 3 | F5 7-12 |
| 4 | F5 13-18 |

Core Materials (Wonders Workshop + Anthology)

在 Wonders 中，我們將完成「比較過去與現在」的單元，接下來會進入「從農場到餐桌」的新單元，討論我們所吃的食物是如何一路來到我們手中的。

| Week | |
|------|---------------------|
| 1 | Unit 3-4, 128 - 133 |
| 2 | Unit 3-4, 136 - 139 |
| 3 | Unit 3-4, 141 - 143 |
| 4 | Unit 3-5, 152 - 161 |

Conclusion

六月將是我們完成大部分課程的月份，只剩下少量內容會留到七月完成。我們也將開始展望畢業典禮並進行相關規劃。除此之外，六月將是一段回到正常課表的輕鬆時光，活動較少，能讓我們專注地邁向學期的尾聲。

All the Best!
