October 2026

Hello Eagle Class Parents,

Welcome to October and the start of a colorful new month in K4! We hope everyone had a wonderful September and is ready for the fun that fall has in store. As the weather begins to change, we're excited to bring autumn-themed activities, stories, and crafts into our daily learning, keeping things fresh and engaging for the children.

This month, we'll continue building on the writing, spelling, and grammar foundations from last month, while introducing new phonics patterns and MPM Math concepts. We'll also be incorporating seasonal themes — pumpkins, changing leaves, and fall harvests — into our reading and hands-on activities to make learning both meaningful and exciting. Our goal remains the same: helping each child grow into a confident, independent learner, one fun-filled day at a time. We look forward to a wonderful month of discovery together!

Reading

Reading will continue to be one of our most important daily subjects. Students will build on the fluency, confidence, and comprehension skills developed last month while continuing to expand their vocabulary and word recognition. We will encourage students to read carefully, point to words as they read, and further strengthen their expression and understanding as they tackle new stories and seasonal books. Regular reading practice at home will continue to play a very important role in each child's progress.

- Week 2 - Biscuit wants to play
- Week 3 - Look! I Can Read
- Week 4 - Biscuit Takes a Walk

Phonics

Our Phonics program will continue building on the progress made last month. Students will review previously learned sounds while introducing more advanced phonics patterns that support both reading and spelling. Through games, worksheets, listening activities, and classroom practice, children will keep strengthening their ability to sound out unfamiliar words with growing confidence and accuracy.

- Week 3 - assessment / final ff, ss, tt
- Week 4 - final ll, dd, gg, zz / medial consonants

MPM Math (Multiple Practice Module)

In MPM Math, students will continue learning through a combination of hands-on activities and workbook exercises. We will build on last month's progress in number recognition, counting, matching, simple problem-solving, and mathematical thinking, while continuing to encourage students to explain their answers using complete English sentences. Following instructions carefully and working independently will remain important classroom expectations as students continue to grow more confident with new mathematical concepts.

Writing

Writing will remain a major focus this month as students continue developing correct letter formation, pencil control, and spacing. Building on last month's progress, children will keep practicing writing complete words and simple sentences, gradually moving from tracing activities toward more independent writing. Developing neat handwriting and good writing habits now will continue to provide a strong foundation for future learning.

October

- Week 2 – Pages 35-37
- Week 3 – Pages 38-40
- Week 4 – Pages 41–43

Grammar

Grammar will continue to build on the simple sentence structures introduced last month, with students moving toward greater independence in how they use language. We will introduce new everyday English patterns and continue reinforcing correct word order, while encouraging children to combine nouns, verbs, and adjectives into fuller, more complete sentences. As their writing ability improves, students will also practice applying these grammar skills within much smaller writing spaces, building the precision and control needed for more structured written work. Our goal is for children to speak and write with greater confidence, accuracy, and natural sentence flow.

- Week 2 – Textbook Pages 8–9 | Workbook 4
- Week 3 – Textbook Pages 10–11 | Workbook 5
- Week 4 – Textbook Pages 12–13 | Workbook 6

Spelling

Spelling will continue to build on the routine established last month, with new weekly spelling words that reinforce current phonics patterns and vocabulary. Through regular practice, writing activities, and revision games, children will keep strengthening both their memory and their ability to apply correct spelling confidently when reading and writing

independently.

October

- Week 2 – it, sit, hit, bit, kit
- Week 3 – sick, pick, lick, tick, kick
- Week 4 – hill, fill, six, miss, pass

Conclusion

We are excited to continue this wonderful semester with our K4 students and look forward to watching each child keep growing academically and personally. Thank you, as always, for your ongoing support at home. Reading regularly, reviewing spelling words, and encouraging neat writing practice each day will continue to greatly benefit your child's learning. If you have any questions or concerns, please feel free to speak with me or Tr. Ashley at any time. We look forward to another great month together!

Eagle 班家長您好：

歡迎來到十月，也迎來 **K4** 充滿色彩與活力的新月份！希望大家都度過了一個愉快的九月，並準備好迎接秋季帶來的各種有趣活動。隨著天氣逐漸轉變，我們也很期待將秋季主題的活動、故事與手作融入每天的學習中，讓孩子們的学习內容更加新鮮、有趣且充滿吸引力。

本月份，我們將持續鞏固上個月在寫作、拼字及文法方面所建立的基礎，同時開始學習新的自然發音（**Phonics**）規則，以及 **MPM** 數學的新概念。我們也會將季節性的主題——南瓜、逐漸變色的樹葉，以及秋季豐收——融入閱讀與實作活動中，讓學習變得更加有意義，也更加有趣。

我們的目標始終不變：陪伴每一位孩子，在每天充滿歡樂的學習過程中，逐步成長為更有自信、更獨立的學習者。
