

ESL G1 Bee Class Newsletter October 2026

Dear Parents,

Welcome to our newsletter. As we transition from kindergarten to elementary school, we will continue with the Wonders materials that the kids are familiar with. On top of the Wonders books, kids will also be writing short essays and creating their own presentations!

Reading

This class will be using the McGraw Hill Reading Wonders text book and related online materials for the reading content and writing responses in their workbooks. The students will continue to develop their comprehension and written skills that have begun in their K level classes using this Wonders program. There will be a focus on vocabulary to ensure that the children have a good understanding of the text and will be tested every week to reinforce the importance of building their word knowledge. The content for the month of October is as follows -

Presentation

In October, G1 will explore an animal's life cycle. Each week, the children will learn to research, type, and create their own 5-slide Google Slides presentations. During the final week of each topic cycle, students will present their work individually to their classmates, who will act as a supportive mock audience to help build their confidence and presentation skills.

Writing

Dear Parents

The main theme for our writing class for this October will be "My Mother".

This is another descriptive essay, changing only the person they are describing. Students will use what they have learned from the previous essay to write another descriptive essay about their mother. This will also be a great opportunity for the kids to show their appreciation for their mother!

We will approach the class this time in a controlled, paragraph by paragraph manner. Keeping everyone in the same pace.

Thank you,
Teacher Dragos

寫作

親愛的家長們

我們 10 月份寫作課的主題將是「我的母親」。

這將是另一篇記敘文，改變的只有他們所描述的人物。學生們將運用上一篇作文中學到的知識，來撰寫另一篇關於他們母親的記敘文。這對孩子們來說也是一個絕佳的機會，能藉此表達他們對母親的感激之情！

這次我們將以受控管、按段落進行的方式來進行課程，讓每個人都保持相同的進度。

謝謝您，

Teacher Dragos
